

*Because life is meant  
to be colourful!*

Koru 240 Colonial

Building your dream home? Don't let the interior steal the show, give the exterior the attention it deserves!

Our Colour Pop homes showcase a continually evolving palette of exterior house colours that reflect the industries most popular trends.

Let yourself be inspired by subtle, understated tones or a strikingly unconventional colour palette. The choice is yours.

**STAND OUT  
FROM THE CROWD**

Own the home that turns heads in a street lined with neutrals, greys and beige.

A Colour Pop home is for everyone and can be adapted to suit any style of facade. For the reserved, add a splash of colour to your front door or a touch of sophistication to a single wall with a delicate pastel tone. For the more daring, be bold and enhance your entire facade with eye-catching colour and complimentary stone or timber features.

*Be the talk of the town with a home that makes a statement!*

This Colour Pop facade has been designed with colour and texture in mind. The cladding to the centre of the home is the perfect size and position to showcase the colour of your choice. Your colour consultant will assist you in choosing a grounding base colour and finishes to compliment your feature colour.
